

Snapshot

Two of the North Coasts top solo artists - Brian Watt and Barry Ferrier - have made an outstanding music team over the past ten years, clocking up over 1000 gigs together, with their exciting brew of greatest hits and all time favourites delivered in a dynamic 'unplugged' format.

They began as '70s Snapshot' which has broadened out into simply "Snapshot" as they have developed their amazingly broad repertoire of popular songs from the last 4 decades. They are very proud of their ability to tailor their sets to the age group or taste of the audience. Snapshot have been particularly popular as the group of choice for over 50 weddings and are also a great solution for that special event or party.

For enquiries about bookings contact Brian on 0266283663.
